

Assistant Professor at the Department of Architecture, Izmir Institute of Technology (IYTE), Turkey

Employment: Full-time

Website: <http://www.iyte.edu.tr/arch>

Area of Specialisation: **Structural Design in Architecture**

The Department of Architecture is inviting applications for a full-time position, at the level of Assistant Professor. Applicants should specialise in Structural Design, and have a deep knowledge of construction and materials, structural engineering, constructional systems or building physics. The candidates will have an architectural or engineering background, and hold a doctorate degree. Fluency in English is a prerequisite. Teaching experience, publications and prior academic research are expected. Our academic staff is encouraged to invest time on research and publications during their employment. Teaching may include both undergraduate and postgraduate, elective and core courses and a typical working week includes 12 hours of studio and two 3-hour courses, while the language of instruction is English. Professional design experience is also desirable.
